

## *Christmas Sparkle – Jenny and Paul November 2010*

A wonderful winter wedding

Glass storm lanterns, with large ivory candles, surrounded by silver speckled votives decorated every surface, whilst the Great Stairs were lit with church candles on every other stair tread.

Giant ivory candelabras wrapped in ivy made dramatic centrepieces

Guests found their table number on the cuff of their tapered candle, which they carried to their tables and placed in mini galvanised buckets for a really romantic sparkly feel

Wedding Breakfast tables styled with ice white flowers, silvered tea lights and silvered foliage. Iced and jewelled Christmas cupcakes were served in place of desert.
