

## *Red – Nicola and James, April 2011*

A lovely contemporary spring wedding using red as the signature/statement colour

The medieval windows in Castle House were styled with mirrored plates, shot glasses with single statement flowers, whilst rose petals lined the aisle

Fishbowls on mirrored plates provided effective centrepieces in the ballroom and the dining chairs were tied with red voile bows

Jam jar tea lights were used to line the walkway to the orangery and accessorized with red ribbons
